Important Information for Retirees

- **FRS Pension Plan** members have insurance payments deducted directly from their retirement check, as long as your retirement check is enough to cover the premium. You will be set up on Pension Payroll by the People First Service Center. (the only exception to this is the first months retiree insurance premiums, these have to be mailed to People First no matter what. See address below)

- **ORP participants** will not receive a check from The Division of Retirement; therefore, payments for health and life will be submitted by personal check or money order. These payments will be mailed directly to: The People First Service Center, P.O. Box 863477, Orlando, Florida 32886-3477. The check should be payable to: The Division of State Group Insurance (DSGI).

- **Health Insurance Subsidy**: This benefit is for FRS members only. Currently the rate is $5.00 for every year of service, with a minimum of $50.00 and a maximum of $150.00. The subsidy is included in your retirement check. You must provide proof of health insurance or Medicare coverage in order to receive the Health Insurance Subsidy. You will receive a “HIS Subsidy Form” from the Division of Retirement, the month after you retire. This form must be completed and returned before you will receive your subsidy.

- **Life Insurance**: You may elect to continue your state life insurance through Minnesota Life under one of two options: 1) A $2,500 policy for $4.83 per month or 2) A $10,000 policy for $19.33 per month. Premiums may be deducted directly from your FRS Pension check or mailed to People First on a monthly basis.

- **Supplemental Insurance**:
  - If you are interested in continuing your dental or vision coverage you may continue to do so by making direct payments to People First. You will automatically receive a COBRA Packet in the mail from People First detailing how to continue this coverage.

- Other supplemental insurance plans can be continued on a private basis only. Please see the company for a list of terms and conditions.
